ABOUT ROADS.

County Judge Talks to the Point on This Subject.

In answer to several letters from various parts of the County concerning mud holes &c., in the roads, I will just say that the only way there are for our roads is to show that they are willing to do something. If every good farmer in Lawrence county would take himself to fill up the mud holes on his farm we would have good roads and nobody would be hurt. I am informed that Dr. N. T. Hite, of this county, is doing this. The best way to test a man's intelligence and citizenship in Lawrence county is to find out what he thinks about the roads and what he is willing to do for his farm children along that line. There are a few ignorant chroniclers who sit around and cuss the county officials because it rains, and the same men give in their property for about 40 per cent. of value.

The road overseers must put in their time and make their reports to some Magistrate or to the County Judge, and warrants will be promptly issued.

The road and bridge fund for 1907 is \$3,254 and that amount is already gone.

We will have a special session of the Fiscal Court in July to arrange about repairing the bridges.

FENCING UP ROADS.

We learn there are a great many people in the county moving their homes out into the roads and taking possession of same. It is the sworn duty of the Road Commissioner, every Sheriff and Constable in the county to at once notify the County Court, and to take action against them. See section 435 in Kentucky Statutes.

Your humble servant,
T. S. Thompson C. J.

"Poor Farmers" No More.

The Sun-Sentinel, Winchester, remarks:

It is not "the poor farmer" any more. It is the "rich farmer" now. All of us pay tribute to the farmer. What we eat and what we wear must come from the farm. The farmer is the producer. All the rest of us are consumers. We must pay the price, and we do it cheerfully because if the farmer is prosperous we get the benefit. He spends his money with us. Never in our history has the farmer been so well off as he is to-day. The average on farm crops is high; stock prices are away up. Prospects for the future are never better. The farmer is the real king. All hail to the king that rules to benefit and not to oppress.

Fiscal Court.

The Magistrates of Lawrence county met as a Court of Claims last Monday and remained in session two days. Outside of allowing claims but little was done save election of a County Treasurer, which occurred Tuesday. Mr. Robert Hite, the incumbent, being chosen. Wednesday the Court adjourned a day in July.

The sessions of this court usually attract a great number of people, but this week the crowd was nearly as large as on former occasions.

Clean Up.

A clean town is a goodly sight. It is also the best insurance against disease and death. Its cost is comparatively trifling. The chief value is the vigilance of the authorities charged with compelling obedience to the laws. Spring is at hand. Everybody should get busy cleaning up, and the health officer and the police should keep busy so that everybody keeps clean.

Taken to Bowling Green.

Remains of Mr. Farrow's daughter, untimely death was chronicled in this paper last week, were taken to Bowling Green, this State, for burial. Mr. Farrow will remain in Louisa shortly, but his wife will remain in Bowling Green indefinitely.

That Squeal.

"There won't be an apple or a peach this summer."
"Don't think it hurt the fruit much—too dry."
"We may have a few apples, but the peaches are certainly killed."
"The peaches bloomed in the light of the moon and they ain't hurt a bit."

And so on. You pay your money and you will get the fruit, somewhere. But it does seem that a drop from 87 to 26 degrees, and the ice on Lake Amos a quarter of an inch thick would be enough to kill anything that bloomed. Lake Amos, by the by is that beautiful sheet of water near the foot of Lady Washington street. It hit us hard—the wave, not the lake—Monday morning. Besides the buds and the blossoms, several straw hats which were taken out of cold storage about a month too soon, and a few peck-nose walnuts which braved the chilly Easter air were retired, badly nipped. The early ice man retired for a reason, Lewis saying that a chunk of ice and his last name coming at the same time might cause somebody to "frown a brick." But we needn't worry. The day is coming when we'll sigh for a zephyr and the tinkle of ice in a glass will be music to our ears.

Rev. Roscoe Murray.

The Rev. Roscoe Murray is one of Lawrence county's eloquent and aggressive preachers. Rev. Murray resigned his position in the Kentucky Normal College as professor in the Teachers Training Department on May 12, 1906 to accept a call of the Baptist people in Mount Pleasant Association this county. He is a young man of 28 and since here has made for himself quite a record in his chosen work. He is possessed with a fine physique, is just bubbling over with enthusiasm and preaches the word with great power and effectiveness.

During the past winter there has been scores of souls saved under his labors. He is at this time conducting a series of meetings at the Union Baptist church near Maaker. This church is to be dedicated Easter Sunday and Rev. Murray will preach the dedicatory sermon. We predict for this bright young man of God a brilliant and successful future.—Linton Daily Register.

Gartin Closes Here.

John Gartin is closing his music store in Louisa, and the sound of the piano, the talking machine, the violin and the banjo no longer emanates from the store front of the temple of justice. Mr. Gartin has a big trade up both rivers and both roads, and catering to that takes so much of his time that he can not afford to attend to the Louisa house. The NEWS cheerfully speaks a good word for Mr. Gartin as a business man and citizen, he being first-class, A 1 in each relation. These words seem superfluous, however, as everybody and his wife know the genial John.

Had a Brain Storm.

Walter Bren, a barber who was employed in the shop of John Heston, on Logan street, Williamson, had a brain storm last week and as a result he is in the county jail, where he is likely to remain for some time. It is believed that excessive use of liquor brought on the storm and caused him to enter the shop and swipe every razor, customer's and all.

At the M. E. Church, South, last Sunday special Easter services were held. The church was tastefully decorated with flowers. Appropriate music was rendered. Soon after the service opened Little Caroline Hatcher Burns, daughter of Mr. and Mrs. John U. Burns, was baptized. The Rev. O. F. Williams preached a very able and appropriate sermon. A large audience was present.

The many friends and relatives of Matthew W. Morris will be pained to hear of his death. He was born in Lawrence county, Kentucky, Mar. 25, 1831, and died at Delaware, Ohio, Mar. 25, 1907. In 1849 he married Mrs. Margaret Rice, also of Lawrence county, who is left a widow, after 57 years of happy wedded life. Three sons and two daughters are also left to mourn their loss.

COWBOY PREACHER

Is Lambasted Everywhere He Goes of Late.

The Rev. Sam Betts, known throughout Eastern Kentucky and West Virginia as the "cowboy preacher," was called from his boarding house at Davy one night last week and almost beaten to death.

Betts, who was sued for breach of promise and seduction, has been conducting a revival at Davy, during which, it is alleged, he made many vicious attacks on Supt. Kelly and other officials of the Superior Phosphates Coal Company. It is said he was warned to stop this abuse, but refused.

That night some one called him out of doors, where he was attacked by two men armed with brass knuckles and blackjacks. Three ribs were broken and his face and head cut in a terrible manner. He may die as a result of his injuries.

It was but a few months ago that Betts was snatched from the pulpit at Fayetteville, W. Va., by the sheriff of Fayette county, sustained a broken collar bone and dislocated arm, for an alleged tirade there, but refused.

Friday Night's Entertainment.

Some pupils of the School of Expression, K. N. C., under the direction of Miss Mae Stafford, and the Louisa Dramatic Club gave a very enjoyable entertainment at Masonic Hall on last Friday evening. Snow White, a comedy for juveniles, and Out in the Streets, a serio-comedy, were the vehicles used for the conveyance of amusement and instruction to the audience. Between the plays Miss Stafford entertained her friends with a choice reading.

As usual the tiny tots were the heroes of the occasion, Roberta Dixon as "leading lady" in Snow White, and Hattie Clay Burns as Salutarian.

The Weather For April.

If weather conditions that have prevailed in Louisa and vicinity during the month of April for a period covering thirty-five years are to be taken as an indication, Louisa people this month will experience a mean or normal temperature of fifty-six degrees. The warmest April was that of 1896, when the average temperature was sixty-five. The coldest April was in 1875, when the average temperature was forty-five degrees. The highest temperature—ninety-one degrees—was recorded April 30, 1894, and the lowest temperature—twenty-one degrees—was registered April 8, 1876.

Dr. Watson Greatly Improved.

The NEWS is glad to say that Dr. M. G. Watson seems to be on the highroad to a sure and speedy recovery. He came down stairs Saturday, and since that time has been kept busy receiving calls of congratulation. The doctor is still confined to the house, but he hopes to be soon strong enough to go upon the streets.

Wayne W. Cordell, formerly a Special Examiner for the pension office for this and surrounding country last week was promoted to the Board of Review with a salary of \$1,800 per annum. This work is the highest class in the Pension Office and Mr. Cordell's recognized ability won him the place. He was re-elected High Chief of the Independent Order of Rechabites at Zanesville, Ohio, last year. This is the oldest temperance society in the world and works along moral suasion lines. Mr. Cordell devotes all his spare time to extending the work of this society. His many friends in this section wish him continued success.

News comes to this city that Jack Wilson shot his wife and son Sunday night. The wife cannot live. They reside in Leo City, Wolfe county. When this shooting occurred he was drinking.

This, like the "news" of the shooting at Salyersville, may be corrected or denied by next mail.

Horn Monday, at the home of Mrs. James Vinson, to Mr. and Mrs. Joseph Merchant, a son.

Fatal Affray on Guyan.

Three are dead and one is dying, the latter a woman, as the result of a desperate battle with pistols and knives at an Italian labor camp on the Guyan river, late Monday night.

The fight was caused by the introduction of a job lot of liquor in the camp Sunday by a number of the laborers, who went to Huntington Sunday night to enjoy a holiday.

An altercation arose between Tony Sodario and Sebastian Pushelli, in which the latter shoved a twelve-inch knife through the abdomen of the former. Sodario's friends immediately attempted to lynch Pushelli and the latter's friends came to his rescue with pistols, knives, clubs and whisky bottles.

More than one hundred shots were fired, one of them piercing the breast of Bettie Sodario, a cousin of the man murdered by Pushelli. The woman will die.

City Council.

The City Council met in regular session last Tuesday night. The ordinary routine business with a few extra features was transacted. Among the special transactions was the adoption of an ordinance creating the office of Fire Chief, and making Al Wellman Chief. As such he will have the custody and care of all the City's fire appliances and will have charge of the department at fires.

Several parties were ordered to pave, among them D. J. Burdett, Jr. and Dr. Biggs. It was also ordered that certain pavements be repaved.

The Big Sandy Milling Co. was granted the privilege of putting in a side track from the mill to the railroad.

The question of night police was discussed and continued to a subsequent meeting.

They Are Welcome.

Mr. J. B. Jacobs and family, from Carrollton, Ky., have come to Louisa and taken residence here. Mr. Jacobs was a handler of tobacco in his former home and while he may not have much to do in that line here he will find other business to engage his time and attention. He is much pleased with Louisa and its people, and freely expresses his surprise, after what he had been told, at finding such a town and such a people.

Mr. Jacobs has rented and is occupying the Ira Wellman property on Water street.

The Big Meeting.

The biggest revival in the history of the Baptist church in Louisa is now in progress. Every night the church is filled to its utmost capacity, and nightly numbers are added to the church and many profess conversion. On last Sunday afternoon 17 persons received baptism by immersion in the river in the presence of a large congregation. Afternoon services are held, and the interest in this great meeting seems in nowise abated.

This revival is conducted by Evangelist Roberts, and it is the declared opinion of many who have heard him that he is a preacher of unusual force and ability.

Died of Typhoid.

Mrs. Albert Boyd, formerly of this place, died very recently at Henrietta, this county. She was the wife of Albert Boyd, section foreman on the C. and O., who was himself almost a victim of the scourge last fall. Mrs. Boyd had come to Henrietta for a visit, and while there contracted her fatal illness.

Worrying over the high water caused Mrs. William Rule to drop dead at her home in Ashland last Friday. She had been fearful during the recent flood that her home would be submerged and this superinduced an attack of heart failure. She dropped dead while preparing supper.

Lafe Wellman, of Prosperity, this county, is developing into one of the best salesmen on the road in this territory. He sells shoes and his sales for the first half of the year amount to almost \$30,000.

PERT PARAGRAPHS

Picked Up At Pike. Paint and Prestonsburg.

Mrs. Jesse Vanhose fell dead at her home, near the Palatka depot, last Saturday. She had just recovered from a severe attack of measles.

The sun "do move." A company of Hindman amateurs will present a play to the people of Prestonsburg to-morrow night.

After the heart-breaking trip over those rib-breaking roads those Krott county people should be welcomed by a big house.

Michael Sloan, an aged and honored citizen living near Millard, after having lived beyond four score years, passed away. He was beloved by all who knew him, and had many local positions of honor and trust. He had been a Baptist preacher for 52 years.

Nancy Hayes, aged seventy-seven years, for ten years a helpless invalid from the effects of a fall, died of measles, after three days' illness.

She was one of Letcher county's best loved old women, being a lifelong member of the old regular Baptist church.

The C. and O. Railway Company has paid to Mrs. Emma Stapleton \$4,000, in full of all claims for damage as a result of the death of her husband, G. R. Stapleton, who was killed by the company's cars at Pikeville, some time ago. The compromise of the matter was effected by Jeba C. C. Mayo.

After a search extending over two years, Mrs. Mary Jane Mullins, aged 60 years, unearthed a pot containing \$5,000 in gold and silver in an abandoned lot on the farm of her father, the late Benjamin Osborn, of Letcher county.

The father died 20 years ago, leaving at least \$10,000, it is said, somewhere on the farm. Mrs. Mullins will continue to search for the remaining \$4,000. In the find are some valuable old coins.

Pindman, Ky., March 32.—Hilda Stone, on trial two days for the murder of his uncle, Dan Stone, was given twenty-one years in the penitentiary.

Farlan Stone was given a one-year sentence for malicious shooting. Both will be taken to the Frankfort penitentiary along with Tandy Martin, convicted at a previous term of court of manslaughter and given a ten years' sentence.

Mnykling, Ky., March 26.—Benjamin F. Johnson, capitalist, of Pike county, agent for the Great Northern Coal and Coke Company, is in this section securing samples of coal from every coking coal vein, the property of the Great Northern, to send to Europe for testing purposes. Mr. Johnson will get samples from some one hundred openings. While Mr. Johnson is rejoicing at the strides Eastern Kentucky is making toward development, he declares that greater things are dawning for the mountains of the coal fields hereabouts.

London, Ky., March 27.—The article published in the Courier-Journal today stating that H. M. Brock, an insurance man of London, Ky., was shot and instantly killed by M. C. Patrick at Salyersville is a mistake. S. M. Brock, a prominent insurance agent of this city and the man said to have been killed, lives here and is here now, having arrived yesterday from Salyersville, leaving there Sunday. When asked about the report referred to Mr. Brock stated that there was no truth in any part of the statement. He said that he had just returned from Salyersville; that there he had a prosperous business, and that he had no sort of trouble with anybody. He says that Mr. Patrick, his alleged slayer, is unknown to him.

His friends regret the continued indisposition of Mr. Gerritt Nash, the manager of Shipman & Gentry's store. He ventured upon the street a week or so ago, after a confinement of several days, but the exertion was too much and he has been kept in the house ever since.

Slightly Mixed.

With a sheet of ice an eighth of an inch thick extending out from the shore a distance of ten feet, 18 inverted Kentuckians waded into the chilly waters of the Big Sandy river at Prestonsburg last Sunday, and were baptized in the faith. The ceremony was performed by the Rev. Mr. Akers in the presence of a large crowd of spectators. This is the first time in years that such an incident has taken place along the banks of the Big Sandy.—Ashland Independent.

There was not a particle of ice in the river; the ceremony occurred at Louisa, fifty miles from Prestonsburg; Bro Akers baptized only a few of the converts, and immersions are of frequent occurrence "along the banks of the Big Sandy." With this trifling exceptions the above paragraph is correct.

WEBBVILLE.

Mr. Kitchen, from near Cincinnati, is here to visit his father, George Kitchen.

Archie Smith, of Brammar Gap, shipped 4 hogheads of tobacco today. Granville Pennington is moving to Huntington.

James Underwood, of Olive Hill, is here to see his sister, Mrs. Elias Webb, before she goes to California next week.

Mart Sparks is here from Huntington.

Wat Rucker has returned from a visit to Dr. Watson, at Louisa.

Ms. Cooper, of Cherokee, has gone to Willard to see her daughter, Mrs. James Stone.

Sam Bartram, one of the deputy sheriffs, has paid this section a visit.

George Shivel, of Gallup, is here on business.

K. Woods and wife, of Fallsburg, are here at Judge Woods'.

John Riley, of Grayson, and Wat Kitchen, of Willard, are in town. F. R. Moore has been to Elaine and the old farm.

Billie Moore, of Grayson, has gone on a business trip to Cherokee.

Young Mr. Conaway has returned from the West.

Judge Woods came in with 100 head of fine stock bogs today.

Miss Bessie Sturgill, of Calmes creek, has gone to Ashland.

Osa and Jarrall Flood are here from Willard.

Inmanner Hicks and Miss Ranvillia Hobbrooks went to Ashland today and were married.

Mr. Hillman and son have returned from Fireclay.

Miss Conner, of Bell's Trace, is shopping here.

John Dials Perkins has returned from New River.

Mr. Prince has moved to Greenup.

Mrs. Wat Kitchen and Mrs. St. Clair, of Willard, are here.

Mrs. William and Mrs. Flem Green are in Webbville.

Granville Pennington, of Huntington, is here.

Mr. and Mrs. Warnock, of Green3 Ky., passed through to Cat to visit the Grahams.

Mrs. Riffe and Miss Wilson are visiting in Webbville.

Bern, to Mr. and Mrs. Crisp, a fine boy.

Emack Cordell and daughters, of Elaine, are shopping here.

John McDole has returned from Ohio.

W. J. Hicks and wife, of Rosh, have gone up Dry Fork.

Sixty-seven years ago today, Mar. 31, the writer was born. Those were the days of pure and unadulterated rights and pure and unadulterated Arnold Perry's apple brandy. The brandy and the equal rights are now sadly degenerated. Dry Fork went "Dry" today by a vote of 117 to 41. Pit.

Analysis

of the
Latin Verb and Noun.

By

Edward M. Kennison, A. M. B. D.,
Kentucky Normal College.

This is the title of a pamphlet compiled by Prof. Kennison, of the K. N. C., and published by the Big Sandy News Job Office. It is, as indicated by its title, an analysis of the verb and noun of the Latin language, and a careful examination of the work warrants the declaration that such a compilation, if such it may be called, must be of invaluable aid to a student of that tongue.

THE HOUSE OF A THOUSAND CANDLES

CHAPTER XIV. The Girl in Gray.

My first thought was to find the crypt door and return through the tunnel before Bates could reach the house. The chapel was open, and by lighting matches I found my way to the map and panel. I slipped through the closed opening; then ran through the passage with gratitude to the generous builder who had given it a clear floor and an ample roof. In my haste I miscalculated its length, pitching headlong into the steps under the trap beneath Glenarm House at a gait that sent me sprawling. In a moment more I had jammed the trap into place and was running up the cellar steps, breathless, with my cap smashed down over my eyes.

I heard footsteps entering at the rear and knew that I had won the race by a scratch. There was but a moment in which to throw my coat and cap under the divan in the library, pluck the dust from my clothes and seat myself at the great table where the candles blazed tranquilly.

Bates' step was as steady as ever—there was not the slightest hint of excitement in it—as he came and stood within the door.

"Beg pardon, Mr. Glenarm, did you wish anything, sir?"

"Oh, no, thank you, Bates."

"I had stepped down to the village, sir, to speak to the grocer. The eggs he sent this morning were not quite up to the mark. I warned him not to send any of the storage article to this house."

"That's right, Bates." I folded my arms to hide my hands, which were black from contact with the passage, and faced my man servant. My respect for his rascally powers had increased immensely since he gave me my coffee. A contest with so clever a rogue was worth while.

"I'm grateful for your care of me, Bates. I had expected to perish of discomfort out here, but you are treating me like a lord."

"Thank you, Mr. Glenarm. I do what I can, sir."

He brought fresh candles for the candelabra, going about with his accustomed noiseless step. I felt a chill creep down my spine as he passed behind me on these errands. His transition from the role of conspirator to that of my flawless servant was almost too abrupt.

I dismissed him as quickly as possible, and listened to his step through the halls as he went about locking the doors. The locking-up process had another bored me before: to-night I listened with interest for every sound. When I heard Bates clumping to his own quarters I quietly went the rounds of my own account and found everything as tight as a drum.

I was tired enough to sleep when I went to my room, and after an eventful night woke to a clear day and clearer air.

"I'm going to take a little run into the village, Bates," I remarked at breakfast.

"Very good, sir."

"If any should call I'll be back in an hour or so."

"Yes, sir."

I really had an errand in the village. I wished to visit the hardware store and buy some cartridges, but Pickering's presence in the community was a disturbing factor in my mind. I had resolved to get sight of him—to meet him, if possible, and see how a man whose schemes were so deep looked in the light of day.

As I left the grounds and gained the highway Stoddard fell in with me. "Well, Mr. Glenarm, I'm glad to see you abroad so early. With that heavy of yours the temptation must be strong to stay within doors. But a man's got to subject himself to the sun and wind. Even a good wetting now and then is salutary."

"I try to get out every day," I answered. "But I've chiefly limited myself to my own grounds."

An ancient omnibus, filled with young women passed at a gallop, bound for the station, and we took off our hats.

"Christmas holidays," explained the captain. "Practically all the students go home."

"Lucky kids, to have homes with Christmas trees. I envy them."

"I suppose, Mr. Pickering got away last night?" he observed, and my pulse quickened at the name.

"I haven't seen him yet," I answered.

"Then of course he hasn't gone!" and those words, uttered in the big captain's deep tones, seemed wholly plausible. There was, to be sure, nothing so unlikely as that Arthur Pickering, executor of my grandfather's estate, would come to Glenarm without seeing me.

"Sister Theresa told me this morning he was there. He called on her and Miss Devereux last night. I haven't seen him myself. I thought possibly I might run into him in the village. His car's very likely on the station switch."

"No doubt we shall find him there," I answered easily.

The Annandale station presented an appearance of unusual gaiety when we reached the main street of the village. There, to be sure, lay the

private car in the siding, and on the platform was a group of 20 or more girls, with several of the brown-habited Sisters of St. Agatha. There was something a little foreign in the picture; the girls in their bright colors talking gaily, the Sisters in their somber garb hovering about, suggesting France or Italy rather than Indiana.

We stepped upon the platform. The private car lay on the opposite side of the station, having been switched into a siding of the east and west road. Pickering was certainly getting on. There is something wholly quaint in a private car. Any one may board a car and call it a yacht; but there is no known substitute for a private car. As I lounged across the platform with Stoddard, Pickering came out into the vestibule of his car, followed by two ladies and an elderly gentleman. They all descended and began a promenade on the plank walk.

Pickering saw me an instant later and hurried up with outstretched hand.

"This is indeed good fortune! We dropped off here last night rather unexpectedly to rest a hot box and should have been picked up by the early express for Chicago; but there was a miscarriage of orders somewhere and we now have to wait for the nine o'clock, and it's late. If I'd known how much behind it was, I should have run out to see you. How are things going?"

"As smooth as a whistle! It really isn't so bad when you face it. And the fact is I'm actually at work."

"That's splendid. The year will go fast enough, never fear. I suppose you pine for a little human society now and then. A man can never strike the right medium in such things. In New York we are all rushed to death. I sometimes feel that I'd like a little rustication myself. I get nervous, and working for corporations is wearing. The old gentleman there is Taylor, president of the Mid-Western and Southern. The ladies are his wife and a friend of hers. I'd like to introduce you." He ran his eyes over my corduroys and leggings in amiable acceptance of my rusticity. He had not in years addressed me so pleasantly.

Stoddard had left me to go to the other end of the platform to speak to some of the students. I followed Pickering rather reluctantly to where the companions of his travels were pacing to and fro in the crisp morning air.

As soon as Pickering had got me well under way in conversation with Taylor, he excused himself hurriedly and went off, as I assumed, to be sure the station agent had received orders for attaching the private car to the Chicago express. Taylor proved to be a supercilious person—I believe they call him Chilly Billy at the Metropolitan club—and our efforts to converse were pathetically unfruitful. The two ladies stood by, making no concealment of their impatience. Their eyes were upon the girls from St. Agatha's on the other platform, whom they could see beyond me. I had jumped the conversation from Indiana farm values to the recent disorders in Bulgaria, which interested me more, when Mrs. Taylor, ignoring me, spoke abruptly to her sister.

"That's she—the one in the gray coat, talking to the clergyman. She came a moment ago in the carriage."

"The one with the umbrella? I thought you said—"

Mrs. Taylor glanced at her sister warningly, and they both looked at me. Then they detached themselves and moved away. There was some one on the further platform whom they wished to see, and Taylor, not understanding their maneuver—he was really anxious, I think, not to be left alone with me—started down the platform after them, I following. Mrs. Taylor and her sister walked to the end of the platform and looked across, a biscuit toss away, to where Stoddard stood talking to the girl I had already heard described as wearing a gray coat and carrying an umbrella.

The girl in gray crossed the track quickly and addressed the two women cordially. Taylor's back was to her and he was growing eloquent in a mild well-bred way over the dullness of our statesmen in not seeing the advantages that would accrue to the United States in fostering our shipping industry. His wife, her sister and the girl in gray were so near that I could hear plainly what they were saying. They were referring apparently to the girl's refusal of an invitation to accompany them to California.

"So you can't go—it's too bad! We had hoped that when you really saw us on the way you would relent," said Mrs. Taylor.

"But there are many reasons; and above all Sister Theresa needs me."

It was the voice of Olivia, a little lower, a little more restrained than I had known it; but undeniably it was she.

"But think of the rose gardens that are waiting for us out there!" said the other lady. They were showing her the deference that elderly women always have for pretty girls.

"Alas, and again alas!" exclaimed Olivia. "Please don't make it harder for me than necessary. But I gave my promise a year ago to spend these holidays in England."

One or two good farm hands to work on farm on Contrary. Work will last till late fall. Apply to Augustus Snyder, Louisa, or Jan. Norton, Gallup, Ky.

She ignored me wholly and after shaking hands with the ladies returned to the other platform. I wondered whether she was overlooking Taylor on purpose to cut me.

Taylor was still at his lecture on the needs of our American merchant marine when Pickering passed hurriedly, crossed the track and began speaking earnestly to the girl in gray.

"The American flag should command the seas. What we need is not more battleships but more freight carriers—" Taylor was saying.

But I was watching Olivia Gladys Armstrong. In a long skirt, with her hair caught up under a gray toque that matched her coat perfectly, she was not my Olivia of the tani-o-shanter, who had pursued the rabbit; nor yet the unsophisticated school girl, who had suffered my idiotic babble; nor, again, the dreamy rapt organist of the chapel. She was a grown woman with at least 20 summers to her credit, and there was about her an air of knowing the world, and of not being at all a person one would make foolish speeches to. She spoke to Pickering gravely. Once she smiled dolefully and shook her head, and I vaguely strove to remember where I had seen that look in her eyes before. Her gold beads, which I had once carried in my pocket, were clasped tight about the close collar of her dress; and I was glad, very glad, that I had ever touched anything that belonged to her.

Who was Olivia Gladys Armstrong and what was Arthur Pickering's business with her? And what was it she had said to me that evening when I had found her playing on the chapel organ? So much happened that day that I had almost forgotten, and, indeed, I had tried to forget that I made a fool of myself for the edification of an amusing little school girl. "Then you prefer to ignore the first time I ever saw you," she had said; but if I had thought of it at all it had been with righteous self-contempt. Or, I may have flattered my vanity with the reflection that she had eyed me—her hero, perhaps—with wistful admiration across the wall.

Meanwhile the Chicago express roared into Annandale and the private car was attached. Taylor watched the trainmen with the cool interest of a man for whom the proceeding had no novelty, while he continued to dilate upon the nation's commercial opportunities. I turned perforce, and walked with him back toward the station, where Mrs. Taylor and her sister were talking to the conductor.

Pickering came running across the platform with several telegrams in his hand.

"I'm awfully sorry, Glenarm, that our stop's so short," and Pickering's face wore a worried look as he addressed me, his eyes on the conductor.

"How far do you go?" I asked.

"California. We have large interests out there and I have to attend some stockholders' meetings in Colorado in January."

"Ah, you business men! You business men!" I said reproachfully. I wished to call him a blackguard then and there, and it was on my tongue to do so, but I concluded that to wait until he had shown his hand fully was the better game.

The ladies entered the car and I shook hands with Taylor, who threatened to send me his pamphlet on The Needs of American Shipping when he got back to New York.

"It's too bad she wouldn't go with us. Poor girl! This must be a dreary hole for her," he said to Pickering, who helped him upon the platform of the car with what seemed to be unnecessary precipitation.

"You little know us," I declared, for Pickering's benefit. "Life in Annandale is nothing if not exciting. The people here are indifferent marksmen or there'd be murders galore."

"Mr. Glenarm is a good deal of a wag," explained Pickering, hastily swinging himself aboard as the train started.

"Yes; it's my humor that keeps me alive," I responded, and taking off my hat I saluted Arthur Pickering with my broadest salutation.

Important News Gathered from Abroad for the Benefit of Our Readers.

The Governor fixed Friday, April 26, as the day for the execution of Edward Brown, colored, of Louisville, sentenced to be hanged for murder.

Edward Brown was convicted of the murder, by shooting, of Willie Edwards, colored. The crime was committed in 1904 in a house on Baxter avenue, Louisville. The negroes quarreled over some trivial matter. Brown's case was appended to the Court of Appeals, and the death sentence affirmed. The majority of the higher court came to the executive department a few days ago.

Mrs. Levi Jett, connected with the Breathitt county Jett, died at her home at Claysville under peculiar circumstances. She was bathing her baby and was suddenly seized with a pain in the head, falling over dead. The baby was fatally scalded by falling in a tub of hot water intended for washing clothes.

Richard Wright was found in his barn, on his farm near Milton, with the top of his head blown off, and a shotgun by his side. It is not known whether he accidentally or intentionally shot himself.

Maysville, Ky., March 28.—Small town of about 150 inhabitants in the southwestern part of this county, eighteen miles from this city, is one of the most progressive towns of its size in this section. Recently several of its well-to-do citizens organized a bank, which has grown in favor. The last improvement is an opera-house, which will be dedicated Saturday night in the true country fashion. It is 75x45 feet, has a seating capacity of 500, a modern stage auditorium chairs, curtains, etc., and is the property of J. M. Wheat. The Hon. George W. Adams, of this city, will be the speaker of the occasion, while a Cincinnati orchestra will furnish the instrumental music.

The population of Kentucky at the end of 1906, according to the estimate of the Census Bureau, was 2,320,998. The population at the census of 1900 was 2,147,174.

Lexington, Ky., March 28.—Suit to recover from Berra College, Kentucky, a portion of its endowment fund of more than \$1,000,000 is to be brought by President F. L. Williams, of the Colored State Teachers' Association, and other prominent negroes, according to a statement made by them here today. The part of the endowment for the recovery of which will be entered is that which was given when the college was open to both whites and blacks. Its legislative enactment negroes have been barred from being admitted at the same places as whites in Kentucky, and the constitutionality of the law is now before the United States Supreme Court.

The proposed suit will be instituted after the Supreme Court decision is announced.

An eagle measuring seven feet eight inches from tip to tip was killed Friday in Eastern Kentucky. It was found to have a half-grown lamb, still alive, in its talons.

It was announced that the resignation of Dr. J. W. Hill as superintendent of the Institution for Feeble-minded here has been received by the State Board of Control and accepted.

Colonel Wm. Young, of Morehead, Ky., the leading attorney to Judge James Hargis, who is to be tried at Sanly Hook, Elliott county, for the murder of Dr. Cox, was in Cincinnati recently and gave out a statement.

Colonel Young's visit was a political one, as he was a leading figure in the Covington meeting which resulted in the nomination of Judge Lansing for the Court of Appeals on the Democratic ticket. The attorney was loath to talk about the feud troubles, but he stated that in his opinion Judge Hargis would be acquitted of all complicity in the assassination of Dr. Cox.

"I want the Enquirer to set me right in the eyes of the people," said Colonel Young. "A Cincinnati paper had me pictured as one of the principal figures in the Tolliver-Martin troubles in Rowan county. When that difficulty was occupying some degree of attention I was a boy. My whole nature revolts at bloodshed. It is not right to take human life, and I was no more concerned in that trouble than you were. My disposition is one of peace, and myself and friends naturally resent the published story that I was engaged in that strife. It is a lie out of the whole cloth."

Although a Democrat, Colonel Young keeps in close attention with all parties of the political situation in his state, and he stated that the Taft boom was not very pronounced in Eastern Kentucky, where the sentiment seems to be drifting toward Leslie Shaw, ex-United States Treasurer. Mr. Shaw made several speeches to the students of the mountain colleges and he enjoys great popularity among the mountain folks.

Windman, Ky., March 30.—Gursey Bunker and John Mullins, aged fifteen, robbed the postoffice here at 6 o'clock this morning. They got \$25. The money was snatched and both boys were arrested.

James Dilly was killed and his son, Bada Dilly, was wounded in an effort to prevent a fight in front of their house near Wisdom, in Metcalfe county. Maline Dille is charged with firing both shots.

Abbin H. White, one of the leading lawyers of Eastern Kentucky, died of hemorrhage of the brain, superinduced by indigestion, at his home in Mt. Sterling.

Mrs. William Giddard escaped death at Georgetown by suddenly stopping over to catch a chicken. A stray hen parted her hair and would have killed her had she been standing at the time.

After escaping death three times in railroad wrecks and being blown up by the explosion of a steam engine, John L. McGuire, an engineer on the L. & N. railroad, died in his home in Paducah from a ruptured blood vessel caused by a fit of coughing.

Ginsow, Ky., March 28.—The unusual occurrence of a man's wife and daughter swearing out a warrant against him occurred here today. The warrant charges him with horse stealing. The warrant was taken out for Joel Y. Carver by his wife, Mrs. Joel Y. Carver, and his daughter, Miss Ida Carver.

"When the women had secured the warrant they had the following unique notice inserted in a local paper:

"Horse Stolen—One bay mare, about twelve years old, saddle marks, scar on one shoulder, also one cross-eyed, brown, small mare, nine years old, scar on one fore leg. Joel Y. Carver is supposed to have taken them. He is hard of hearing, fifty-seven years old, scar near right ear, sandy complexioned, and front teeth broken off. Reward for information leading to recovery. Report to J. C. Rousseau, Sheriff, Ginsow, Ky. Miss Ida Carver."

Special Notice.

As missionary of the American Sunday School Union, it is part of my duty to organize Sunday Schools where none exist; also to aid struggling schools in different ways.

This work is strictly denominational. It does not represent any church, but on the other hand is loyally supported by all evangelical denominations.

I am in a position to render the most substantial help, free of charge, to new schools and also to poorly equipped schools. If there is not prospecting very well, write me telling your needs, and I will take the matter up at once.

This invitation is extended to any person in any community. Whether you are a Christian or not, if you want righteousness, morality and intelligence to have larger sway, tell us your wishes, let us know your needs. A postal card will convey all necessary information from you, then I will personally take up the work.

Home Circle Column.

A Column Dedicated to Tired Mothers as they Join the Home Circle.

The bar of the saloon, the bar of the court, and the bars of the jail are very closely related.

I do not judge a man by his clothes. God made one and the tailor made the other. Don't judge a man by his family, for Cain belonged to a good family. Don't judge a man by his failure in life, for many a man fails because he is too honest to succeed.

Don't judge a man by the house he lives in, for the lizard and the rat often inhabit the grander structure. When a man dies they who survive him ask what property there is left behind; the angel who bends over the dying man asks what good deeds he has sent before him.

Did you ever know a woman to regret that she knew how to do exquisitely fine needle-work or plain sewing, to bake light, wholesome bread, or delicious pies or cakes? Did you ever know one who was ashamed of her skill in pickling and preserving, or who was unwilling to admit that she could arrange a table, order a course dinner, and if need be, do the cooking herself?

No, indeed, but many a woman has spent years in trying to acquire the knowledge of household affairs of which she should have been mistress before she was fairly in long dresses. The mother who falls to instruct her daughter in such branches defrauds her of woman's best right, the right to a knowledge of how to make a home. Perhaps only a home for herself, but oh, how pretty and pleasant it can be if the tact, the skill, the grace of a trained hand and eye and taste are there to bring it into perfect symmetry.

Woman, can't you see? You caught your husband with honey and you cannot hold him with vinegar. The outside of the house is the only side which in truth belongs to a hen pecked husband. They take to the outside so speedily when there is unpleasantness within, that any woman with only a little thought and observation may know what will come of trying to train a husband as she would a fractious school boy. Whatever he may be, for the home sake, she is obliged to keep sweet. We have seen women who apparently enjoyed scolding their husbands in the presence of others, and we have seen mothers who indelicately punish their children before visitors, thus humiliating the dear wayward ones and making them feel that their reputations were so damaged that there was no use in trying to be good. But such women are not the mistresses of those home where the household machinery glides on with noiseless ease, without force or effect seeming to be required to move it along.

They cannot create the sunny cheerfulness that men love better than all the world beside, and the memory of which children tenderly cling to as long as life lasts.

HONOR THY MOTHER.

Honor the dear old mother. Time has scattered the snowy flakes upon her brow, plowed deep furrows on her cheek, but she is not beautiful now; the lips are thin and shrunk, but those are the lips that have kissed away many a hot tear from the childish cheek, and they are the sweetest lips in the world.

The eye is dim, yet it glows with the soft radiance of holy love that can never fade. Oh yes; yes she is a dear old mother. The sands of time are nearly run out, but feeble as she is, she will go farther and reach down lower for you than any other on earth. You cannot walk into a midland where she cannot see you; you cannot enter a prison where bars will keep her out, you can never mount a gallows too high for her to reach and bless you with her deathless love. When the world shall asperse and forsake you, when it leaves you by the wayside to die unnoticed, the dear old mother will gather you in her feeble old arms and carry you home and tell you, of all your virtues until you almost forget that your soul is disgraced by vice. Love her tenderly and cheer her declining years with holy devotion.

IS YOUR HOME COSY?

There are many so called homes that do not deserve the name at all. Home means comfort, but when we have it fixed up so elaborately that we must sit in the garret or the back yard to genuinely enjoy ourselves, then it is high time we made a change and turned out the too-good-to-use articles and substitute for the real homey things that we could enjoy every day of the year and every moment of the day.

Let the sun shine into the gloomy rooms, have a concert to lie on, a piano to play on, in fact, a home to live in, one wherein a sense of hospitality and good cheer extends from the very tables and chairs, instead of a mausoleum of gloomy elegance, wherein everything is for show and nothing to be used.

To Farmers.

The Louisa Canning Co. has appointed J. P. Gartin manager of the season of 1937. He will make contracts for Tomatoes, Beans, Pumpkins, Beets and other vegetables. The farmers will do well to see him and make contracts. He is now prepared with blanks and prices. See him and contract. He wants at least one hundred acres of tomatoes and fifty acres of beans. The season is now on and it will soon be time to sow seed and prepare ground for cultivation. The Company hopes to make this the biggest run the factory has ever had, and asks the assistance of the farmers in his enterprise.

ANNOUNCEMENTS.

We are authorized to announce M. M. Redwine as a candidate to fill the unexpired term of two years as Judge of the 32nd Judicial District of Kentucky, composed of the counties of Elliott, Morgan, Carter and Lawrence subject to the action of the Democratic party of said district.

A. L. Sutton, chief of the bureau of exploitation of the Jamestown Exposition Company, has resigned under charges.

The large plant of the R. J. Reynolds Tobacco Company and other buildings in South Boston, Va., were destroyed by fire. The losses will aggregate \$1,000,000.

Frederick A. Busse, Republican, was elected Mayor of Chicago by a plurality somewhere between 10,000 and 15,000 over Edward P. Dunne, the Democratic incumbent.

Judge James Hargis, during a trip to Lexington, expressed himself as satisfied to be tried in Elliott county, preferring that county to any outside of Breathitt.

John C. Tarpy, Chief of Police of Winchester, died from the effect of a bullet wound received several days ago in a fight with an alleged thief, during which he shot and killed his opponent.

Mose Feltner, who was fined \$3.00 and sentenced to two years in jail at Winchester for buying off witnesses in the Marcum murder trial has withdrawn his appeal and will take his medicine.

Louella Thurman, a white woman, who was forced to ride in a coach set aside for negroes, compromised her suit against the Southern rail way at Lexington, and it is understood received \$3,500. A previous trial of the case, resulting in a verdict for her, was reversed.

A goodly bunch of Kentuckians are uneasy these days, the result of the declaration of Secretary Hitchcock, the new head of the Department of the Interior, that he intends making a general reorganization of the department. Coupled with the statement, however, is the further declaration that few competent and faithful men will be disturbed in their positions.

Listen to Editor Sommers:

Who cares about the Thaw trial when the dog-wood bloom begins to swell and fish begin to bite? We would rather see the cork go under way and Judge Birkhead, deciding once than to hear Jerome make his speech.

We know editors, however, who would rather see the cork come out!

Ray Standard Baker in the American Magazine, says the negro question in the South is not the clash-point between the "black brute" and "the white fiend." Certainly. Every "black brute" assaults a white woman. The trouble with these northern correspondents and students of race sociology is that they come South to study conditions, but seek only for evidence to support a theory already held.

Thirty-nine Congressmen who have made a visit of inspection to the Panama canal have arrived at New York on board the steamer Panama, from Colon. The party left New York on their tour of inspection on March 6 and arrived at Colon on the 12th. They spent five days in the canal zone, and during that time examined the work. Members of the party expressed themselves as favorably impressed with what they saw.

Among the party was James A. Hughes, of Huntington. Bishop John C. Granberry, of the Methodist Episcopal Church, South, died suddenly at his home in Ashland, near Richmond, Va., last Monday while sitting in a chair. He was seventy-six years old, and had been Bishop since 1882.

The death of Bishop Granberry makes four bishops of the Methodist Episcopal Church, South, who have passed away during the past two years, the others being Bishops Tipton, Harrope and Smith. Bishop Duncan is seriously sick and is not expected to recover, while Bishop Fitzgerald's health is exceedingly feeble.

Mrs. Emma Roach, serving a sentence of twenty-one years for the murder of her husband, and sent from Webster county, committed suicide in the State penitentiary at Frankfort, by swallowing carbolic acid and laudanum. She was employed in the drug department. The woman recently appealed to the Prison Commission for a parole, taking all the blame for the crime on her shoulders, and pleading for the release of her two brothers, now serving sentences under conviction as accessories to the murder. At the time of her conviction the case attracted wide attention, especially in Western Kentucky.

The trials of Judge James Hargis, Senator Alex Hargis, Elbert Hargis and Sheriff Ed. Callahan, all of Breathitt county, charged with the assassination of James Cockrill, have been assigned for trial May 17. Prosecutor Byrd, of Winchester, asked for that date.

It is expected that when the cases are called they will be continued as Judge Hargis will be placed on trial for the alleged murder of Dr. Cox, at Sandy Hook, Elliott county, on May 23. Three weeks at least will be required for the Cockrill trial.

The Editor of the Manufacturers' Record writes as follows of the mineral wealth of Eastern Kentucky: "I suppose no one in the world will question that the coal fields of Eastern Kentucky, Southwest Virginia, West Virginia and Eastern Tennessee are entitled to the designation that has been given to it of the 'heart of the world's coal field.' In this region of imperial resources, Kentucky has a wealth of coal the magnitude of which can only be comprehended by a comparison with other regions. Kentucky has about 50 per cent. larger coal area than Great Britain, now mining about 250,000,000 tons of coal a year, and which has about 10,000 square miles of territory, while Kentucky has over 16,000 square miles. The wealth, the financial power, and the domination of the world's shipping interests of Great Britain are all largely staked on coal and yet Kentucky, even Eastern Kentucky alone, has a greater wealth of coal than all Great Britain. What broader vision of the blinding possibilities of the future can be presented than this statement itself?"

Everybody should carry fire insurance on their property. Wallace "The Big Sandy Insurance Man," is one of the best companies in the United States. They are confident proof, having settled all San Francisco losses satisfactorily to all concerned.

HOUSE & LOT FOR SALE.

5 room house, lot 100 feet front, in Thomas addition to Louisa. Price \$600. Call or write Big Sandy News office.

The Court of Appeals in an opinion delivered by Judge Baker and concurred in by the entire court upheld the decisions of Judge Gallows and Judge Birkhead, deciding that the legislative redistricting bill passed by the last Legislature was unconstitutional and that the next election for the Legislature must be held under the conditions that existed before the bill of 1906 was passed.

The cases in which the decision was handed down today were the consolidated cases of Ragland, Chairman, vs. Anderson, Butler county, and Tinsley, Clerk vs. Keown, Ohio county.

The court in holding the redistricting act of 1906 unconstitutional holds that the spirit of the constitution was violated, but says that the formation of a district of one or more counties is not such violation.

The following counties are among those affected: Floyd, Knott, Mays, Letcher, Morgan, Johnson, Pike and Martin.

Judge John M. Lassing, of Boone county, Ky., was nominated for Judge of the Kentucky Court of Appeals by a convention of Democrats held in Covington, Ky. Judge Lassing had no opposition and the nomination was made by acclamation.

This is the fifth time Judge Lassing has been nominated by the Democrats for office, and each time he had no opposition. His first two nominations were for County Attorney in Boone county, then twice he was nominated for Circuit Court Judge. He was never defeated.

Can't Miss It

So many ailments are purely nervous affections, that you can hardly miss it if you try Dr. Miles' Nerve. It restores nervous energy—and through its invigorating influence upon the nervous system, the organs are strengthened. The heart action is better; digestion improved, the sluggish condition overcome, and healthy activity re-established.

"Dr. Miles' Nerve is worth its weight in gold to me. I did not know what ailed me. I had a good physician but got no relief. I could not eat, sleep, work, sit or stand. I was nearly crazy. One day I picked up a paper and the first thing that met my eye was an advertisement of Dr. Miles' Nerve. I concluded to try it and let the doctor go, and I did so. After taking two bottles I could dress myself. Then I began taking Dr. Miles' Heart Cure and now I can work and go out, and have told many the benefit I have received from these remedies and several of them have been cured by it since. I am fifty-nine years old and pretty good yet."

ANNA R. PALMER, Lewistown, Pa.
Dr. Miles' Nerve is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

The coal openings recently made on the Left Fork of Twelvepole by parties contemplating investments in mineral lands in that section, show conclusively that there is an excellent quality of both canal and splint coal in that section of the county and that the thickness of the veins is far in excess of a majority of the mines in the state now being operated to advantage and profit. The openings recently made in that territory were on the 902 acre tract of land of William Fry on Cove creek, about 8 miles from the town of East Lynn, the present terminus of the Big Sandy, East Lynn and Guyan Railroad. Two of these openings show a fine grade of splint coal, one vein six feet in thickness and the other four and one-half feet in thickness. There were also two distinct veins of canal coal to show up to the prospectors one of which was four feet in thickness and the other 24 inches in thickness with 22 inches of splint coal on top of it.

On the 20th of February, at Weona, Mercer county, Mrs. Massie Wimmer died after a brief illness. Mrs. Wimmer was born in Montgomery county, Va., on the 9th day of May, 1805, and was therefore nearly 102 years old at the time of her death. She was the mother of 16 children, 8 of whom survive her, the oldest being over 86 years of age. She lived to see her descendants of the sixth generation and was never sick in her life until within a week of her death. Up to the time of her illness, she walked about the house and took her meals at the table with the rest of the family. She had made her home for a number of years with her son-in-law, Mr. W. L. Shrewsbury, near Weona, at whose residence she died.

On Tuesday of last week the body of McCoy was found near Borderland where it had lodged on a fallen tree, by some fishermen who were passing in a boat. The authorities of this place were immediately notified and left to hold an inquest. On account of the illness of Coroner N. J. Keadle, Squire Keyser presided at the inquest and the jury was taken from this city. The jury was accompanied by Prosecuting Attorney Sheppard and the attorneys for the men charged with causing the death of McCoy. Dr. Sherwood Dix made an examination of the body.

It was the general belief that when McCoy's body was found it would be perforated with bullets, but this was not the case and no trace of a wound could be found. The body was in a condition that it would have been easy to tell where a ball had entered.

The jury heard considerable evidence, two witnesses being examined in this city yesterday afternoon, and rendered the following verdict, in substance: That Shan McCoy came to his death by being shot at and chased into the river by Jim and Charlie Young, James Wellman, Adron Stepp and H. E. Sanady and was drowned.

The remains were buried in the family burying ground, in Kentucky, near the home of Joseph McCoy, father of the unfortunate man.

The upholstering shop at the C. and O. shops at Huntington was entirely destroyed by fire Friday night about 9 o'clock. The flames raged for about three hours, and the fire had gained such headway before the alarm was given that it was impossible to save any portion of the building, and only good work on the part of the fire department prevented the flames spreading to adjacent buildings.

Larger and better shops will be built at once to replace the burned structure.

!!!!

Wetzel Brumfield, son of Postle Brumfield, died at the home of his father a short distance above

Wayne on last Thursday, and was buried Friday in the family burying ground on lower Lynn Creek. The young man had been afflicted for some time with that dread disease, tuberculosis or consumption, and had just returned some few weeks ago from a sojourn in Colorado and Arizona, where he had gone in the hope that the climate in those states would effect a cure of his disease.

SOME NEWS

From the West by a Big Sandy Boy.

Troy, Ida.—I am a West Virginian by birth, but by some unknown cause I am quite swayed from my old home to Big Sandy. I spent a few weeks' visit in West Virginia, last fall, but to my surprise I found the country quite different from what I left seven years before. Instead of finding the hills fertile and productive I found them worn out and washed full of gullies and the fields where I used to plow and hoe corn in the long hot July days have been turned into vast brier patches and red brush.

But still I found the people living as well as ever and were sociable to furnish me with all I could eat and didn't show any stinginess whatever.

And again I extend my sincere thanks to my many friends and relatives to their sociability and kindness shown me during my visit.

While in West Virginia I purchased two of my young friends, Bobb Bushirk and Elijah Thompson, to come home with me, but I would have quite a task now to persuade them to back to West Virginia again, for they are sure and so am I that they are in the right place to make a start in life.

They are both going to take up a timber claim on Clear Water river. It will only take them ninety days to prove up on them and then they can sell them for \$1,500 or \$2,000 a piece. Besides they can get from two to four dollars per day for day labor.

Mr. Bushirk and I visited my brother, E. E. Bellomy, who lives 30 miles back in the timber, where he has a homestead, last week, and had a jolly time.

When we left home the roads were all mud, but before we reached our destinations, they were all snow. Perhaps some of my readers may think I am stretching my blanket when I say the snow was 5 feet deep. But if they could have seen Mr. Bushirk's pony when it missed the trail and went out of sight in the snow they would have said: "It's deeper than that, Bill."

Well as my wife is calling me to dinner, I will cut this out, for I do certainly love to eat.

W. B. Bellomy.

CATT'S FORD.

Making Boys Fit.

There has never been a period in the history of the world when there was such a demand for men with a technical training, or those skilled as artisans, which is, of course, the same thing. A man who thoroughly understands any branch of applied mechanics has an asset greater than any man can inherit. There are, of course, individual instances where good mechanics are not getting what they are entitled to, cases where a man's ability is not recognized, and hence where it is not paid for. There are isolated cases where a modest fellow may be buried in the routine of the shops, and where he is not given an opportunity to display his expertness, but as a general proposition the man who excels in any particular line is given a road free from obstacles and along which he may march uninterruptedly to success. If, in addition to his technical education, he has his mother-tongue, or gumption, or horse-sense, or whatever you want to call it, that enables him to take the initiative, if he has the energy to hustle, he will find not only that he will not be impeded in his progress, but that influential men are standing near the top ready to grab him by the hand and assist him up.

One trouble with young men of today is that they do not want to state at the bottom. The boy who comes out of college with a lot of learning that has to be unlearned before he is of any account seems to think because he has devoted years to study he ought to be made manager of the works the first week. He takes a subordinate place, feeling that before night the proprietor or the board of directors will come around and invite him to take charge of the plant, and when at the end of the week he finds no one has paid any attention to him, because he has done only indifferent work, he becomes discouraged.

It occurs to us that it would be well for the instructors in our schools and colleges to assure the boys as they proceed with their studies that it will be necessary for them to forget much they are learning. A boy ought not to be taught that the things he is getting at school are going to have a commercial value, for they are not. In the years to come, when the boy has learned outside of school how to apply the things he learned inside of the school, he will realize the importance of college training, but there is a disappointment in store for the young fellow who imagines that he is going to set the world on fire with the things he memorized out of the text-books. Memory has little to do with education, and looks practically nothing.

FOR RHEUMATISM

SIMPLE, BUT GOOD.

Go to any good drug store and ask for the following prescription: Castor Aromatic, one-half ounce; Concentrated Barks Compound, one ounce; Fluid Extract Prickly Ash Bark, one half drachm; Aromyletixir, four ounces. Take a teaspoonful after each meal and at bedtime. Drink plenty of good, pure water during the day, and your rheumatism should soon pass away. This is the prescription most frequently used by George Edmund Flood M. D., the specialist, and he is authority for the statement that it is in his opinion the most reliable and effective remedy for Rheumatism, Kidney or Bladder Troubles ever written.

Any good druggist will put up the prescription or will supply you with the ingredients at a small cost.

Snyder Bros. are preparing to fill their ice house with manufactured ice and will put in enough to run the season through, and will be prepared to furnish ice with the same promptness they have during the last ten years. Will start wagon as soon as enough people want it. In the meantime they are prepared to furnish ice to those who want it for special occasions.

If you don't see what you want at Picklesimer's ask for it. It's there.

OUT OF SIGHT.

"Out of sight, out of mind," is an old saying which applies with special force to a sore, burn or wound that's been treated with Bucklen's Arnica Salve. It's out of sight out of mind and out of existence. Piles, too, and chilblains disappear under its healing influences. Guaranteed by A. M. Hughes, Druggist, 25c.

Wallace, "The Big Sandy Insurance Man," will be pleased to show you the new forms of life insurance, known as the New York Standard Policy, being approved by the New York Legislature. Issued by the Old Reliable Mutual Life of New York.

"CUT IT OUT"

Dyspepsia is Often Caused by Catarrh of the Stomach—Peruna Relieves Catarrh of the Stomach and is Therefore a Remedy for Dyspepsia.

Hon. M. C. Butler, Ex-Senator from South Carolina for two terms, in a letter from Washington, D. C., writes to the Peruna Medicine Co., as follows: "I can recommend Peruna for dyspepsia and stomach trouble. I have been using your medicine for a short period and I feel very much relieved. It is indeed a wonderful medicine, besides a good tonic."

CATARRH of the stomach is the most prevalent cause of dyspepsia. In order to relieve catarrh of the stomach the catarrh must be eradicated, only an internal cathartic remedy, such as Peruna, is available. Peruna exactly meets the indication.
